ANSI / ISEA 107-2004 STANDARD

ANSI stands for American National Standards Institute. Together with ISEA, International Safety Equipment Association developed a standard for high-visibility clothing. They are non-governmental agencies but this particular standard has been adapted by many states. It establishes many details used in the production for high visibility garments. There are 3 classes of apparel involved.

CLASS I

Lower visibility requirements in environments where traffic doesn't exceed 25MPH.

Examples of workers in **CLASS I**:

- People retrieving shopping carts from parking lots
- Parking lot attendants
- Workers exposed to warehouse equipment traffic
- Sidewalk maintenance workers

CLASS II

Required when worker's attention is distracted from coming traffic and tasks are done where traffic speed is between 25-50MPH. Also intended for use in work places where greater visibility is required and when inclement weather conditions and complex background is present.

Examples of workers in **CLASS II**:

- Accident site investigators
- Forestry operation workers
- Roadway construction workers
- Airport baggage handlers
- High volume parking crews
- School crossing guards
- Airport ground crews
- Law enforcement personnel
- Survey teams
- Cargo loading operators
- Railway operators
- Utility workers
- Emergency response crews
- Recycling operators
- Waste workers

CLASS III

Required where traffic speed exceeds 50 MPH, also where high risk tasks are performed and where the workers must be easily identifiable as a person through a full range of motion at a minimum of 390 meters (1280 feet). Night crew are especially required.

Examples of workers in **CLASS III**:

- Emergency response crews
- Utility workers
- Survey teams
- Roadway construction workers

Product Variaton/Price Change

- > Due to measures beyond our control, color variation among products (e.g. different shipments from manufacturer), photo illustration, and actual products may exist.
- > Factory reserves the right, without prior notice, to make changes to the appearance, functionality and color availability of any product.
- > Please contact factory to confirm pricing/delivery at time of ordering.

Miscellaneous

Over-runs and Under-runs

- > All orders will be subjected to 5% over-runs or under-runs consistent with industry standard. All over-run are subjected to additional item, imprint and freight charges.

Repeat Order

- > Please included previous P.O. number, and invoice number.
- > Please provide copy of artwork to verify imprint information. Paper proof approval is still required for repeat orders.
- > Any change in repeat artwork requests a new setup charge.

PMS Color Match

- > Due to variation of imprint surface (e.g. dark colored items) we cannot guarantee exact ink color match on merchandise. Sometimes factory will ask to print a layer of underlay-white for exact match and the white imprint will consider as additional color imprint.

Co-op Program

- > Please contact factory for information and pricing.

Sourcing Products

- > We are able to find many products that are not in our catalogs. Allow us the opportunity to assist you on your next large quantity quote.

NOTICE

- > The artwork, designs, and trademarks in this catalog are reproduced for illustration only. They do not imply or suggest endorsement by the artwork/trademark owners or that the item was originally produced for the artwork / trademark owners.
- > To avoid trademark and copyright infringement, the factory reserves the right to request authorization to reproduce a logo or artwork, or refuse order what will result in such violations.
- > This catalog supersedes all previous catalogs, prices and terms. All prices and product details are subject to change without prior notice due to fluctuations in the International Exchange rate of U.S. dollar. Factory reserves the right to make changes to appearance and color availability to any product.
